TENNSCO™ Lockers

Tennsco lockers are built to be durable and quiet. Heavy-gauge steel doors on single-tier and double-tier lockers are designed with door stiffeners, cushioned locking channels, rubber bumpers, and an ultra-smooth latching mechanism which work together to reduce noise and improve door operations.

Box Lockers are ideal for securely storing smaller items like purses, lunches, books, and athletic gear. The efficient six tier configurations give schools, clubs, and hospitals the necessary storage capabilities without taking up valuable floor space.

Single and Double Tier lockers are roomy enough for just about any secure storage application. Single Tier are our most popular general purpose locker. Double Tier Lockers give you twice as many lockers in the same space as single tier, yet providing plenty of hanging room for shirts and jackets.
